## WHAT DOES IT MEAN TO BE A MEMBER?

The Edmonton Petroleum Club was founded in 1950 by a group of oil executives to create a special place where the city's leaders could meet and entertain.

For 60 years that legacy has endured and thrived, and the Edmonton Petroleum Club has woven a lasting place into Edmonton's social fabric. Today the club includes professionals and business people from every corner of the business community, not just the petroleum industry, and the Club remains the pre-eminent place for the city's executives to relax, entertain, and meet colleagues.

The Club's location just outside the downtown core, makes it easy to access from any part of the city, and the ample free parking makes it easy to host even large events at the club. The Club has long been renowned for its cuisine, and for the attentive, but not overbearing service the staff offer members. Whether you're entertaining clients for lunch, or enjoying a Saturday evening meal with friends and family, you'll find the Club offers its members not only some of the best food in Edmonton, but also some of the best value.

Throughout the year, members of the Edmonton Petroleum Club can enjoy numerous events, including speaker's luncheons, wine tastings, fashion shows, holiday parties, etc. as a way to renew old friendships and make new ones within the club.
